BEYOND FOODS VISION IS ON THE MENU

We're a London charity on a mission to spark real change – one meal at a time.

We offer a strong foothold, an arm around the shoulder and the occasional poke in the ribs for anyone feeling unraveled. We inspire, coach and care. We change individual lives for collective transformation – and everyone's got a seat at our table.

We are proud with our fourteen-year collaboration with Brigade Bar + Kitchen. Together, we use food for change.

SOCIETY IS VERY GOOD AT UNRAVELING LIVES

It breaks people, excludes them and then looks away. Nothing to see here.

Our vision is different: we choose to see.

We choose to look at the people unraveling and help them become who they really are: independent, included, strong. We stand by them and offer support, inspiration and a chance to give life another go.

We believe in making an actual difference, not using half measures or the occasional charity. And we believe the kitchen is a great place to start: a warm meal, some cooking skills, a new flavour can spark change and build trust.

We want to see people thrive, with odds turned in their favour, for once.

We want societal change at scale with love, ambition and radical care – and we'll stop at nothing to do it.

Thank you for eating and drinking at Brigade, you have made a difference.
